# Declaration of Consent to the Processing of Personal Data

Name:

---

The board of the association responsible for the publication is obliged to take all measures to ensure data protection that appear necessary under the circumstances. However, in view of the special characteristics of online processes (especially the Internet), it cannot guarantee data protection in full.

As a member of the association, I take note of the risks of personal data being violated and I am aware that the personal data can also be accessed in countries that do not have data protection regulations comparable to those of the Federal Republic of Germany.

Furthermore, there is no guarantee that:

- The data remains confidential,
- the accuracy of the content persists,
- the data cannot be changed.

As a member of the association, I can withdraw my consent at any time. I confirm that I have taken note of the above and authorize the association to publish the following data online on the association's website **www.continentalbulldog.org**, as well as to pass it on to the higher-level associations for internal association purposes and for the organization of events, the operation of the online database and membership registration, and to store, process and use it in computer-aided membership management software:

- General data (first name, last name, photos, videos)
- Data for publication with breeders, stud dog owners, board of directors, etc. (address, telephone number(s), e-mail address)
- Data on the dogs (breeding name, show results, health assessments, test results, litter and mating reports, studbook and chip numbers, photos and videos)

Furthermore, I am aware that my data may be passed on to the Verband für das Deutsche Hundewesen (VDH) in the future due to my membership of the Continental Bulldog Club Deutschland e.V. (CBCD) and processed for the organization of the club, sport, show and breeding activities. In the CBCD and possibly also in the VDH, data including pictures of me will be published in the print media and online media (Facebook, Instagram, Youtube, TikTok, homepage, etc.) on appropriate occasions.

This processing can also take place within the framework of commissioned data processing.

I confirm that I have taken note of the data protection regulations provided to me.
